FAROLAMP FA

V DC	24
mA	300

Codici / Codes

FAROLAMP FA

Segnalatore luminoso LED certificato EN54-23 ad alte performance ottiche, FAROLAMP FA è disponibile con effetto stroboscopico oppure con luce lampeggiante. FAROLAMP FA è la scelta ideale per un dispositivo certificato di alta gamma.

Tensione operativa

24V DC

Caratteristiche meccaniche

Cupola in policarbonato autoestinguente ad alta resistenza agli impatti

Caratteristiche luminose

2x LED SuperBright ad alta luminosità. La cupola a lente di Fresnel consente di magnificare il fascio luminoso.

LUCE STROBOSCOPICA - COLORE BIANCO

Effetto stroboscopico (5x), la soluzione ideale per tutte quelle applicazioni in cui è fondamentale attirare l'attenzione

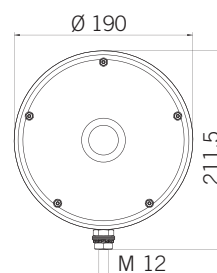

LUCE LAMPEGGIANTE - COLORE ROSSO

Monolampo intenso e ricco (1F)

Certificazioni / Certifications

Numero CPR / Construction products regulation / Numero d'homologation CPR
EN54-23 | 1328-CPR-0422

FAROLAMP FA

EN54-23 LED beacon with high optical performance, FAROLAMP FA is available with stroboscopic effect or flashing light. FAROLAMP FA is the ideal choice for a high-end approved beacon.

Voltages

24V DC

Mechanical features

High impact resistance self-extinguishing polycarbonate dome

Optical features

2x SuperBright LEDs. The dome-shaped Fresnel lens intensifies the light beam.

STROBE EFFECT - WHITE COLOR

Strobe effect (5x), ideal for alerting staff

FLASHING LIGHT - RED COLOR

An intense and rich single flash (1F)

Feu LED certifié EN54-23 à hautes performances optique, FAROLAMP FA est disponible avec effet stroboscopique et lumière clignotante. FAROLAMP FA est le choix idéal pour un dispositif de haute qualité.

Tension d'utilisation

24V DC

Caractéristiques mécaniques

Dôme en polycarbonate autoextinguible à haute résistance aux chocs.

Caractéristiques optiques

2x LED SuperLumineuse à haute luminosité. La lentille de Fresnel amplifie le faisceau lumineux.

LUMIERE STROBOSCOPIQUE - COULEUR BLANC

Effet stroboscopique (5x), le choix idéal pour un signal attirant fortement l'attention.

LUMIERE CLIGNOTANTE - COULEUR ROUGE

Simple flash intense et riche (1F)
